ABOUT ME

Information Technology undergraduate at Telkom University with a strong interest in Frontend Development and Web Development. Experienced in developing responsive, database-driven web applications through academic and industry projects, including implementing CRUD functionality, database integration, and modern user interfaces. Proficient in JavaScript, React.js, PHP, Laravel, and MySQL, with a solid foundation in Object-Oriented Programming (OOP). Passionate about building scalable, user-friendly applications while continuously learning modern web technologies.

EDUCATION

Telkom University | *Bachelor of Information Technology* Sept 2022 – Nov 2026 (Expected)
• **GPA:** 3.66/4.00

WORK EXPERIENCE

PT Len Railway Systems Aug 2025 – Sept 2025

Frontend Engineer Intern – MAGENTA Internship Program

- Developed a web-based system to digitize Work Instructions, replacing manual documentation processes.
- Implemented CRUD operations, data validation, status tracking, and database-driven documentation features.
- Applied Object-Oriented Programming (OOP) principles to improve system scalability and maintainability.
- Collaborated with the development team to build and test features based on business requirements.

PROJECT EXPERIENCE

Rumah Sukses Education Foundation Website | Telkom University Jan 2026

- Developed an integrated website for a Preschool and tutoring foundation in Papua, featuring an online enrollment system connected directly to an admin dashboard.
- Implemented automated email/WhatsApp notifications for registration confirmation and admin data export (.csv).
- Built interactive gallery, parent testimonials, and Google Maps integration to expand digital reach.
- Designed a fully responsive interface optimized for both desktop and mobile users.

Craftfolio | Telkom University Jan 2025

- Developed a web application that automatically generates personal portfolio websites based on user input, reducing creation time from 2–3 weeks to under 30 minutes.
- Implemented customizable dynamic portfolio templates with a drag-and-drop interface designed for non-technical users.
- Designed a responsive and user-friendly interface, targeting 100+ early adopters with sub-3s load time and 85%+ user satisfaction.

EventEase | Telkom University Jun 2023

- Developed a web-based event management platform using Java, MySQL, and Apache Tomcat.
- Implemented event creation and participant registration features.
- Applied Object-Oriented Programming (OOP) principles to create a modular and scalable system.

ORGANIZATIONAL EXPERIENCE

Student Interest and Talent Organization – Executive Committee Staff Mar 2024 – Dec 2025

Telkom University

- Coordinated basketball team activities, including practice schedules and competition preparation.
- Assisted with administrative tasks and promotional activities to increase member participation.

Interium Festival – Operational Division Staff May 2024 – Jan 2025

Telkom University

- Managed logistics and operational requirements to ensure successful event execution.

- Coordinated with cross-functional teams to fulfill operational needs effectively and on schedule.

Proximiti 2024 – Consumption & Health Team Staff
Telkom University

Mar 2024 – Dec 2024

- Managed food and beverage supplies for committee and participants throughout the event.
- Ensured on-site health and safety provisions, including first-aid readiness during event activities.

Mudik Roadshow Ikatan Mahasiswa Karanganyar (IMAKA) – Vice Project Leader
Telkom University

Jan 2023 – Mar 2023

- Assisted the project leader in planning and executing the roadshow program.
- Coordinated communication across divisions to ensure timely task completion.

CERTIFICATIONS & ACHIEVEMENTS

- | | |
|--|------|
| • Author, ICERA 2026 (5th International Conference on Electronics Representation and Algorithm) –
“Factors Influencing E-Commerce Users’ Intention to Use Multi-Factor Authentication: A Technology
Acceptance Model Approach with Security and Privacy Dimensions” STMIK El Rahma | 2026 |
| • English Proficiency Test (EPiT) – Score: 490 Telkom University | 2026 |
| • Preparation Course for Azure AI Fundamentals (AI-900) Microsoft | 2025 |

SKILLS

Programming Languages	: JavaScript, PHP, Java, C++
Frontend Development	: HTML5, CSS3, React.js, Bootstrap
Backend Development	: Node.js, Laravel
Database	: MySQL, SQL (DDL & DML), Firebase, MongoDB
Project Management	: Requirements Analysis, ERD & Database Design, System Analysis, Project Documentation
Tools & Technologies	: Git, Figma, Microsoft Office, Linux (Ubuntu)
Soft Skills	: Communication, Teamwork, Collaboration, Problem Solving, Critical Thinking, Adaptability, Time Management

LANGUAGES

- Indonesian: Native
- English: Intermediate (CEFR B1)
